Re: Synod Assembly Resolution Six  
Bishop Larson's June 19, 2008 letter

Dear Pastor,

On the reverse side of this page is a copy of the [www.hmonglacrosse.com](http://www.hmonglacrosse.com) webpage that includes all the date deadlines for the "Save the Hmong" project.

Please note that the first deadline is to have a contact person from your congregation(s) by June 30. This may not have been communicated to all of you, so to participate, find a person from your congregation willing to fill the responsibilities of that task in paragraph 3 of this letter and then please call your "Save the Hmong" Steering Committee member with your congregation's contact person. The Steering Committee person's name and phone number are at the bottom of this page. Once they have your congregation's contact person, the Steering Comm. member named below will call your contact person.

Your congregation's contact person's responsibility is to run the Signature Campaign and see that all deadlines listed on the reverse side of this page are met and to contact the Hmong Steering Comm. person listed at the bottom of this page should she/he have any questions that this letter and the Hmong website do not answer.

The website address listed above is the Hmong home page. When you get there, click on Resolution Six and that page (see copy on reverse side of this letter) lists all the material needed for the project. Just click on what you need and when that page appears, print it out. On the copy on the reverse side of this page, you will note three check marks. These are the three most important items needed to run the Signature Campaign. We suggest you print them out. The three resources are: "How to coordinate a Signature Signing Campaign"-detailed and helpful. "Signature Sheets"- two of them: see more details below, and "A paragraph explains about the plight of the Hmong" – This paragraph (actually it is two paragraphs) is outlined in a box with three of them on a page. It is intended that you cut them apart. They may be used for the bulletin insert and one is intended to also be used, as is, to accompany the signature pages so the signers know what they are signing.

A few suggestions for the contact person using the Signature Sheets:

There are two versions of the Signature Sheets: page 1 has a space at the top for the organization (the church), the address of the organization (optional) and the city, state and zip of the church. You will use only one of these pages. Page 2 at the top only asks for the name of the church and the page number. Use as many pages (of page 2) as you need. Do not change the line numbers. Each page has space for 20 signatures and they should be filled before the next page is initiated. Remind the signers that they are to PRINT their name first, write down their city and state of their home (no street or other address is wanted) and then, thirdly, WRITE, in script, their signature.
